ELECTRONIC JOURNAL OF GENERAL MEDICINE

Electronic Journal of General Medicine (*Abbrev. Electron J Gen Med*) is an English multidisciplinary double-blind peer-reviewed open-access medical journal publishing articles in the fields of general medicine with ISSN 2516-3507. **Electronic Journal of General Medicine** is published bimonthly (February, April, June, August, October and December).

Electronic Journal of General Medicine encourages submissions from all authors throughout the world. Manuscripts are judged by two experts solely on the basis of their contribution of original data, ideas and their presentation. All manuscripts must comply with Manuscript Preparation Guidelines and Publication Ethics. The following articles will be considered for publication: editorials, original and review articles, brief reports/short communications, case reports, letters to the editor, interviews, and book reviews. Submitted manuscripts must not have been published, accepted for publication or be under consideration elsewhere.

COPYRIGHT & LICENSING

Articles are published under the [Creative Commons Attribution License](#). Authors do not have to transfer copyright to the journal or publisher and retain ownership of their articles. They grant **Modestum** the license to publish the work as the original publisher.

Authors are not allowed to use copyrighted material in their articles unless explicit permission from the copyright holder is received to reproduce the material under [Creative Commons Attribution License](#). Authors or their institution/company cannot reserve particular use rights, and the publisher cannot insert a declaration in any published document stating, "all rights reserved."

As a result, everyone is free to use, copy, distribute, transmit, and adapt the work, if the article's original authors and citation information are acknowledged.
